Stop Abortion Funding in Health Care Reform!

Protect Conscience

Ensure Affordable Health Coverage

Allow Immigrants to Purchase Private Health Insurance

As long-time advocates of [health care reform](#), the U.S. Catholic bishops continue to make the moral case that genuine health care reform must protect the life, dignity, consciences and health of all, especially the poor and vulnerable. Health care reform should provide access to affordable and quality health care for all, and not advance a pro-abortion agenda in our country. Genuine health care reform is being blocked by those who insist on reversing widely supported policies against federal funding of abortion and plans which include abortion, not by those working simply to preserve these longstanding protections.

- On November 7, the U.S. House of Representatives passed major health care reform that reaffirms the essential, longstanding and widely supported policy against using federal funds for elective abortions and includes positive measures on affordability and immigrants.
- On December 24, the U.S. Senate rejected this policy and passed health care reform that [requires federal funds](#) to help subsidize and promote health plans that cover elective abortions. All purchasers of such plans will be required to pay for other people's abortions through a separate payment solely to pay for abortion. And the affordability credits for very low income families purchasing private plans in a Health Insurance Exchange are inadequate and would leave families financially vulnerable.
- Outside the abortion context, neither bill has adequate conscience protection for health care providers, plans or employers.
- Congressional leaders are now trying to figure out how the rules of the House and Senate could allow the final passage of a modified bill that would satisfy disagreements between House and Senate versions.

MESSAGE - HOUSE:

"I am pleased that the House health care bill maintains the longstanding policy against federal funding of abortion. On the other hand, the provisions on abortion funding in the current un-amended Senate health care bill are seriously deficient and unacceptable. I urge you to work to uphold essential provisions against abortion funding, to include full conscience protection and to ensure that health care is accessible and affordable for all. I urge you to oppose any bill unless and until these criteria are met."

MESSAGE - SENATE:

"I am deeply disappointed that the current un-amended Senate health care bill fails to maintain the longstanding policy against federal funding of abortion and does not include adequate protection for conscience. I urge you to support essential provisions against abortion funding, similar to those in the House bill. Include full conscience protection and ensure that health care is accessible and affordable for all. I urge you to oppose any bill unless and until these criteria are met."

WHEN: Votes in the House and Senate are expected at any time. **Act today!**
