

## Fr. Robert Spitzer S.J., PhD will lead a 2-part series on the New Evidence for God

at Arizona State University  
Newman Center

All young adults, students, and teachers  
are invited to attend.

New Evidence for the Existence of God from Philosophy  
**Monday, Feb. 14th • 7:00–9:00pm**

New Evidence for the Existence of God from Physics  
**Tuesday, Feb. 15th • 7:00–9:00pm**

In the last ten to fifteen years, implications of transcendence in physics, philosophy of mathematics, and metaphysics have become more pronounced. Indeed, no other decade in history has revealed more or better evidence for God. So, what is this evidence? Come join Fr. Robert J. Spitzer, S.J., Ph.D., president of Magis Center of Reason and Faith, author of numerous books and articles as he examines the New Evidence, and empowers a new generation to intelligently answer the fundamental questions of our time.

*New Proofs  
for the  
Existence  
of God*

*Contributions of  
Contemporary Physics  
and Philosophy*

*By Robert Spitzer, S.J., Ph.D.*

With the incredible popularity of recent books championing agnosticism or atheism, many people might never know that such books almost completely ignore the considerable evidence for theism uncovered in both physics and philosophy over the past four decades.

*New Proofs for the Existence of God* responds to these glaring omissions.
